

UPDATE CORONAVIRUS (COVID-19)

Stay informed. Take precautions. Stay safe.

Dear Members,

Please read this important message from EOEA below, regarding eligibility for first doses at the third Federal Pharmacy Partnership Program COVID-19 vaccine clinics.

Dear Colleagues,

With the third (3rd) round of vaccine clinics under the Federal Pharmacy Program Partnership (FPPP) with CVS and Walgreens on the horizon, we would like to confirm that:

ALR staff may receive their 1st vaccine dose at the 3rd clinic.

Staff is encouraged to schedule an appointment for their second dose at one of the Massachusetts vaccination sites located across the state. Locations can be found on <https://www.mass.gov/covid-19-vaccine>.

ALR Residents may not receive their 1st vaccine does at the 3rd clinic.

After the FPPP program, facilities may pursue a variety of strategies to secure first and second doses for residents. Additional details regarding state recommended options and strategies will be released shortly in a forthcoming communication.

We thank you for your patience and your continued leadership on behalf of your residents and their caregivers.
