

# UPDATE CORONAVIRUS (COVID-19)

Stay informed. Take precautions. Stay safe.

Dear Members,

We are pleased to share this good news from EOEА, that the assisted living visitation guidance will be modified effective September 25, allowing visitation in an indoor designated space. This will be particularly helpful to some memory care providers and others who have not utilized in-unit visitation and were seeking options for indoor visitation in designated spaces. We will send an update with the full revised visitation guidance as soon as we receive it. The announcement from Patricia Marchetti is copied below.
