

Dear Members,

Since the end of the public health emergency in the spring, Mass-ALA has been advocating that the COVID-19 vaccine declination policy be updated to allow ALR staff to decline the vaccine without a medical or religious exemption.

EOEA released a notice to the [public](#) and redline of proposed regulation [changes](#) today that would allow staff to decline the COVID-19 vaccine without a medical or religious exemption.

You can read the full Notice to the Public [here](#), and the redline of proposed changes to the regulations [here](#).
