

Dear Members,

We are deeply saddened by the recent heartbreaking tragedy that has resulted in the loss of life, injuries, and the displacement of residents from the fire that occurred at Gabriel House in Fall River, MA. Our condolences and sympathies are with the residents, families, and staff members who have been affected during this incredibly difficult time.

We also send our strength and support to those currently hospitalized as a result of the fire. We are hopeful for their full and speedy recovery, and our hearts are with them and their loved ones. Additionally, we extend our deepest gratitude to the fire department and first responders for their swift and courageous actions in rescuing residents and providing critical support during this tragic event.

We are actively collaborating with state officials and the Massachusetts Long Term Care Mutual Aid Plan (MassMAP), which has found homes for residents that were sent to the shelter. Mass-ALA will continue to help find homes for displaced residents and support any additional resources that may be needed

Thank you to the MassMAP members who responded quickly to the Emergency Reporting Request. Please keep an eye out for future notifications from MassMAP, similar to the message this morning, posted below, in case more residents need help finding a new home in assisted living. You can log into your MassMAP account [here](#).

We will continue coordinating with state and responding officials as needed and will share any further updates. Thank you for your continued dedication to assisted living and for the strength, responsiveness, and compassion you bring to your communities. Mass-ALA is here to support you.
